Grant Making Principles

WHEREAS, the Illinois Criminal Justice Information Authority has identified the need for adopting overarching principles to guide its grant making;

WHEREAS, the formulation of such principles has been considerate of previous discussions of the Authority and workgroups contributing to the State Criminal Justice Plan, recommendations contained in the State Criminal Justice Plan, and the Authority's administrative experience with the grant making function; and

WHEREAS, these principles were reviewed and discussed in past meetings of the Authority and in joint meetings of its Budget and Planning & Research Committees,

NOW THEREFORE BE IT RESOLVED, that the Illinois Criminal Justice Information Authority hereby adopts the following grant making principles:

1. The Authority should strive to maximize the use of available federal funds, seeking any and all reasonable alternatives to lapsing funds back to the federal government.
2. The Authority's decision to award federal funds should have a foundation in the best available research, evaluation, practice and professional advice.
3. The Authority's decision to award federal funds should be considerate of the balance of resources across the justice system and its potential impact in other areas of the system.
4. The Authority's federal funds should not result in the duplication of efforts already in place.
5. The Authority's federal funds cannot be used to supplant other funds.
6. The Authority's federal funds should be allocated (a) to areas demonstrating need based on an analysis of the nature and extent of the problem(s), and (b) to programs in areas where there is an opportunity to impact the identified problem(s).

Candice M. Kane, Ph.D.
Executive Director

Also, to the extent permitted by program guidelines, some portion of available federal funds should be used for the following:

7. To encourage collaborative approaches to problem solving, planning and program implementation;
8. To encourage innovative pilot or demonstration projects;
9. To evaluate funded projects and support an ongoing program of research designed to further planning and program development; and
10. To build the capacity of those in the criminal justice system.

BE IT FURTHER RESOLVED, that these principles be made publicly available and are widely disseminated;

BE IT FURTHER RESOLVED, that the Authority, its various committees and staff ensure that, to the extent permitted by program guidelines, the Authority's grant making process is consistent with these principles.

ADOPTED UNANIMOUSLY this 1st day of June 2001, after a motion by Mr. Piland and second by Ms. Engel.

Peter B. Bensinger
Chairman

Candice M. Kane
Executive Director

Federal Funds Administered by the Authority

Formula Awards

Federal Formula awards are funds which the State receives a calculated share of the total available fund. The calculation of these shares is based on different formulas defined by the enabling legislation. Among the factors commonly used in these formulas include state population and Part 1 violent crime statistics.

Discretionary Awards

Federal discretionary awards are targeted funds for which eligible agencies compete. Applications for these competitive awards must identify the agencies that will receive grant funds and provide detailed program plans and line item budgets. Grants made from these awards are considered sole source procurements under the State of Illinois Grant Accountability and Transparency Act. Any modification to the budgets or program plans requires explicit federal approval.

Formula Funds

Edward Byrne Memorial Justice Assistance Grant Program (JAG) – *Formula Award*

The Edward Byrne Memorial Justice Assistance Grant (JAG) Program is the primary provider of federal criminal justice funding to state and local jurisdictions. The JAG Program provides states and units of local governments with critical funding necessary to support a range of program areas including law enforcement, prosecution and court programs, prevention and education programs, corrections and community corrections, drug treatment and enforcement, crime victim and witness initiatives, and planning, evaluation, and technology improvement programs.

2013 – 2015 ICJIA established priorities

1. Law Enforcement:

Support programs which provide law enforcement agencies throughout the state with the necessary means to deter, combat, and investigate crime through strategies, staffing, training, and equipment that promotes public safety and the common good.

2. Courts, Prosecution, Defense and Community Corrections:

Support and enhance court initiatives, including specialty courts, that contribute to the effectiveness and efficiency of the criminal justice court system in all its facets—the judiciary, clerks, prosecution, defense, and probation.

3. Prevention and Intervention:

Support proven and innovative prevention and intervention programs for young people at risk of involvement in the criminal justice system. These programs should address recognized risk factors, enhance protective factors and help young people avoid involvement with violent crime, drugs, gangs, guns and other criminal behavior. In setting priorities for JAG funding, recognize that ICJIA's primary source of prevention and intervention funds is state violence prevention funding rather than JAG.

4. State Corrections:

Support programs which allow state and local correctional facilities to apply proven and innovative programs to assist in meeting the needs of incarcerated persons and to maintain the safety and security of the institution, staff and inmate population.

5. Justice Information Sharing:

Support efforts to implement integrated justice information systems throughout the state to ensure that each component of the criminal justice system has access to timely, complete, and accurate information necessary to inform decision-making at each stage of the criminal justice process.

6. Recidivism Reduction:

Support proven and innovative programs targeted to address recognized risk factors and augment protective factors to reduce recidivism among those already involved in the criminal justice system, those on community supervision, or those incarcerated, allowing them successful community reentry as law-abiding and contributing members of society.

7. Justice Research and Evaluation:

Support research and other programs that contribute to knowledge about crime, its causes, prevention and deterrence and about the needs of victims, offenders with mental illness and or substance abuse issues, and other special populations to ensure that such knowledge is made available to policy makers and practitioners.

Eligible grantees: State, county, and local agencies and, under certain limited conditions, private non-profit organizations.

Matching funds: JAG does not require a matching funds contribution, but current Authority policy requires a 25% cash match. The Budget Committee may approve a matching funds hardship waiver when specifically requested.

**Paul Coverdell National Forensic Sciences Improvement Grants Program (NFSIA)
-- Formula Award**

The Paul Coverdell National Forensic Sciences Improvement Act Grants Program (NFSIA) awards grants to states and units of local government to help improve the quality and timeliness of forensic science and medical examiner services. Among other things, funds may be used to eliminate a backlog in the analysis of forensic evidence and to train and employ forensic laboratory personnel to eliminate such a backlog. State Administering Agencies may apply for both formula and competitive grants.

Approximately 75 percent of the funds available for NFSIA grants are allocated to eligible states based on population. Twenty-five percent of the funds are allocated to states and units of local government through a competitive process.

NFSIA funds can be used to:

1. Carry out all or a substantial part of a program intended to improve the quality and timeliness of forensic science or medical examiner services in the state, including those services provided by laboratories operated by the State and those operated by units of local government within the state.
2. Eliminate a backlog in the analysis of forensic science evidence, including, among other things, a backlog with respect to firearms examination, latent prints, toxicology, controlled substances, forensic pathology, questioned documents, and trace evidence.
3. Train, assist, and employ forensic laboratory personnel as needed to eliminate such a backlog.

Eligible grantees: State, county, and local agencies.

Matching funds: No matching funds requirement.

Fund Year	2010	2011	2012	2013	2014
Total Award	\$942,296	\$730,746	\$278,467	\$259,054	\$288,499

Funds Distribution:

The Authority designated \$508,121 in NFSIA funds to the Illinois State Police for forensic science initiatives between July 1, 2013, and June 30, 2014. Federal funds disbursed during the fiscal year may differ from the total designated to this program.

JAG Prison Rape Elimination Act (PREA) -- *Formula Award*

The Prison Rape Elimination Act (PREA) was passed in 2003 to provide for the analysis of the incidence and effects of prison rape in Federal, State, and local institutions and to provide information, resources, recommendations, and funding to protect individuals from prison rape.

These funds are derived from a 5% penalty to the JAG fund for lack of compliance with PREA.

Eligible grantees: State, county, and local agencies.

Matching funds: No matching funds requirement.

Fund Year	2014
Total Award	\$131,697

Funds Distribution:

These funds have been designated to the Illinois Department of Corrections to analyze the incidence and effects of prison rape. No funds have been disbursed to this program at this time.

Residential Substance Abuse Treatment for State Prisoners (RSAT)

-- Formula Award

The Residential Substance Abuse Treatment (RSAT) Program provides resources for substance abuse treatment programs in correctional and detention facilities, and community-based aftercare services for offenders. The goal of RSAT is to break the cycle of drugs and violence by reducing the demand for, use, and trafficking of illegal drugs.

Ten percent of the state award must be set aside for a local correctional or detention facility.

The balance of RSAT funds have been used to support substance abuse treatment services at Illinois Department of Corrections and Illinois Department of Juvenile Justice facilities.

Eligible grantees: State, county, and local agencies.

Matching funds: 25% cash matching funds requirement.

Fund Year	2010	2011	2012	2013	2014
Total Award	\$762,945	\$694,370	\$266,074	\$340,658	\$285,634

Funds Distribution:

The Authority designated RSAT funds to the following programs between July 1, 2013, and June 30, 2014. Federal funds disbursed during the fiscal year may differ from the total designated to each program.

Agency	Program	Disbursed
Illinois Department of Juvenile Justice	Treatment – Harrisburg	\$43,990
Illinois Department of Juvenile Justice	Treatment – St. Charles	\$155,596
Illinois Department of Juvenile Justice	Treatment – Warrenville	\$74,818
Illinois Department of Corrections	Dual Diagnosis for Female Offenders	\$57,239
Franklin County	Juvenile Meth Treatment	\$26,693
Total:		\$358,336

Sex Offender Registration and Notification Act (SORNA) -- *Formula Award*

The Sex Offender Registration and Notification Act (SORNA) provides a comprehensive set of minimum standards for sex offender registration and notification in the United States and aims to close potential gaps and loopholes that existed under prior law and generally strengthens the nationwide network of sex offender registration and notification programs. SORNA funding provides resources necessary for States to meet SORNA compliance standards.

The Authority has allocated SORNA funds to the Illinois State Police for Sex Offender Unit equipment and to the Illinois Sheriff's Association for statewide provision of the Offender Watch notification system.

Eligible grantees: State, county, and local agencies and private non-profit organizations.

Matching funds: No matching funds requirement.

Fund Year	2012-14
Total Award	\$779,300

Funds Distribution:

The Authority disbursed \$138,009 to Illinois State Police and \$129,670 the Illinois Sheriffs' Association for statewide sex offender registration efforts in SFY14.

Violence Against Women Act (VAWA) -- *Formula Award*

The S.T.O.P. (Services - Training - Officers - Prosecutors) Violence Against Women Act (VAWA) promotes a coordinated, multidisciplinary approach to enhancing victim advocacy and improving the criminal justice system's response to violent crimes against women. It encourages the development and improvement of effective law enforcement and prosecution strategies to address violent crimes against women and the development and improvement of advocacy and services in cases involving violent crimes against women. States must allocate VAWA funds using the following formula:

- 25 percent for law enforcement
- 25 percent for prosecutors
- 30 percent for victim services
 - ❖ At least 10 percent of these funds must be distributed to culturally specific community-based organizations
- Five percent to state and local courts, and
- 15 percent for discretionary distribution.

VAWA Purpose Areas:

- Developing, training, or expanding units of law enforcement officers, judges, prosecutors, and other court personnel specifically targeting violent crimes against women.
- Developing, enlarging, or strengthening victim services programs, including sexual assault, domestic violence, and dating violence programs, developing or improving delivery of victim services to underserved populations, providing specialized domestic violence court advocates in courts where a significant number of protection orders are granted, and increasing reporting and reducing attrition rates for cases involving violent crimes against women.
- Developing and implementing more effective police, court, and prosecution policies, and protocols, orders, and services specifically devoted to preventing, identifying, and responding to violent crimes against women.

Eligible grantees: State, county, local agencies private non-profit organizations.

Matching funds: No matching contribution for non-profit agencies. 25% cash or in-kind matching funds requirement for all other agencies.

Fund Year	2010	2011	2012	2013	2014

Discretionary Awards

National Instant Criminal Background Check System Reporting Improvement Program (NARIP) – *Discretionary Award*

The purpose of the National Instant Criminal Background Check System Reporting Improvement Program (NARIP) grant is provide assistance to states to improve the completeness, automation, and transmittal of records to state and federal systems which may disqualify an individual from possessing or receiving a firearm under federal law. Such records include criminal history records, records of felony convictions, warrants, records of protective orders, convictions for misdemeanors involving domestic violence and stalking, records of mental health adjudications.

NARIP funds are allocated to the Illinois State Police (ISP) to automate the exchange of information between the courts, ISP and the federal Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) regarding involuntary mental health commitments for persons with Firearm Owner Identification (FOID).

Eligible grantees: State, county and local agencies.

Matching funds: No matching funds are required.

Total Award	\$1,145,649	\$1,066,436	\$0	\$1,500,000	\$0

Funds Distribution:

In SFY14, \$1.4 million in NARIP funds was disbursed to the Illinois State Police.

Kirk Bloodsworth Post-Conviction DNA Testing Program (PDNAT)
– Discretionary Award

The Kirk Bloodsworth Post-Conviction DNA Testing Program (PDNAT) helps defray the costs associated with post-conviction DNA testing of forcible rape, murder, and non-negligent manslaughter cases in which actual innocence might be demonstrated. Funds may be used to review such post-conviction cases and to locate and analyze biological evidence associated with these cases.

Postconviction DNA testing has received considerable attention in recent years. Since the advent of forensic DNA analysis, a number of people convicted of crimes have been subsequently exonerated through DNA analysis of crime scene evidence that was not tested at the time of trial. Additionally, newer technologies have substantially increased the successful DNA analysis of aged, degraded, limited, or otherwise compromised biological evidence. As a result, crime scene samples once thought to be unsuitable for testing in the past may now yield DNA profiles. Samples that previously generated inconclusive DNA results may now be amenable to reanalysis using newer methods.

The Authority has successfully applied for PDNAT funds on behalf of the University of Illinois at Springfield and the Office of the Cook County State’s Attorney. Before 2014, only State Administering Agencies were eligible to apply for SORNA funds. Grantees now may apply directly for these discretionary funds.

Eligible grantees: State, county, local agencies private non-profit organizations.

Matching funds: No matching funds are required.

Fund Year	2010	2011	2012	2013
Total Award	\$687,448	\$0	\$589,638	\$332,533

Funds Distribution:

In SFY14, The Authority disbursed \$50,000 in PDNAT funds to the Cook County State’s Attorney’s Office and \$169,533 in PDNAT funds to the University of Illinois-Springfield for post-conviction DNA testing services during SFY14.

Project Safe Neighborhoods (PSN) – Northern District Discretionary Award

MEMORANDUM

To: Budget Committee Members

From: John Maki, Executive Director

Date: August 6, 2015

Subject: FFY11 Justice Assistance Grants (JAG) Plan Adjustment

RECOMMENDED DESIGNATION

Community Violence Prevention

Gun Violence Reduction Strategies Meeting – Illinois Criminal Justice Information Authority - \$40,000

The Authority proposes hosting a two-day event on evidence-based gun violence reduction strategies. Staff also requests that the matching funds requirement be waived for this designation. Further information is provided in the attached Grant Recommendation Report.

BUDGET COMMITTEE GRANT RECOMMENDATION REPORT

Program Name: Gun Violence Reduction Strategies Forum

Funding Source: Justice Assistance Grants (JAG) FFY11: \$40,000 (Match waiver requested)

Program Description

The Illinois Criminal Justice Information Authority (Authority) is interested in assisting local jurisdictions in identifying, developing, & implementing effective approaches to serious crimes, including high levels of gun violence. In an effort to address this goal, the Authority, in partnership with the MacArthur and the Joyce Foundations, proposes hosting a two-day Gun Violence Reduction Strategy Forum on evidence based gun violence reduction strategies. This award will fund travel for approximately 12 national speakers, accommodations for approximately 100 attendees, and event related costs.

Program Activities

Invitees will include multi-disciplinary teams from up to thirteen mid-size cities with high violent crime rates whose law enforcement leadership has expressed an interest in adopting nationally recognized, evidence-based strategies to address gun violence. Recommended team membership includes at minimum the local Police Department; State's Attorney's Office; U.S. Attorney's Office, Parole and/or Probation; and community and/or faith based organizations.

Day 1: Attendees will learn how the City of Peoria used a series of national strategies designed to drive significant reductions in gun violence. This presentation will lead into an introduction from national experts on a variety of gun violence reduction strategies such as focused deterrence; procedural justice; intelligence driven prosecution; and swift, certain and fair supervision. These strategies are based in evidence or are considered promising practices. Outcomes and research are available at the National Network for Safe Communities website: <http://nnscommunities.org/>.

Day 2: Attendees will hear from their colleagues regarding the practical implementation of such initiatives and then meet as teams to develop local implementation plans.

Goals

1. Support and promote local interest in nationally recognized strategies by providing capacity building and research assistance.
2. Foster the development of local gun violence reduction strategy implementation plans.

Priorities

This designation would address the following JAG priority, as determined at the 2013 Authority JAG Planning Workshop:

Priority: Support programs which provide law enforcement agencies throughout the state with the necessary means to deter, combat, and investigate crime through strategies, staffing, training, and equipment that promotes public safety and the common good.

Sub-Priority: Identify high-risk offenders for targeted interventions such as the Boston “Pulling Levers” or the Cincinnati Initiative to Reduce Violence (CIRV).

Funding Prospectus

This specific request is for a one-time grant. \$20,000 in support for this forum has been pledged by the MacArthur and the Joyce Foundations. The Authority does not yet have those funds in hand, but expects those funds to reimburse the Authority for \$20,000 in forum production costs. Those funds would then be made available for future JAG funding at a later date.
